NSN 6550-01-461-4254

Blood Chemistry Reference Standard - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6550-01-461-4254

Physical Form:
Liquid
Usage Design:
Reagent for standardizing and running test reagent
Primary Container Type:
Any acceptable
Special Features:
Manufacturer name ion selective electrode standard a for ar; for use on dimension platform systems test machine
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A10000
