Physical Form:

Liquid

Primary Container Type:

Ampul

Primary Container Content Quantity:

0.500 milliliters

Total Primary Container Quantity:

50

Product Name:

Oxidase test reagent liq .500 ml 50s

Special Features:

Manufacturer: bdms; used in the identification of organisms which produce the oxidase enzyme; reagent droppers, oxidase test, sold in units of 50

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A10000
