**Physical Form:**

Liquid

**Primary Container Type:**

Ampul

**Primary Container Content Quantity:**

0.500 milliliters

**Total Primary Container Quantity:**

50

**Product Name:**

Oxidase test reagent liq .500 ml 50s

**Special Features:**

Manufacturer: bdms; used in the identification of organisms which produce the oxidase enzyme; reagent droppers, oxidase test, sold in units of 50

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A10000
