Features Provided:

Enzymeimmunoassay

Protective Storage Feature:

Frozen for preservation

Product Name:

Endothelin-1 eia kit

Component Breakdown Within Each Test Kit:

One each endothelin-1; endothelin-2; endothelin-3; vic; sarafotoxin; big endothelin; mammalian endothelin-1

Special Features:

Storage temperature -20 degrees c for up to 6 months

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510v0
