Features Provided:

Enzymeimmunoassay

Protective Storage Feature:

Frozen for preservation

Product Name:

Leukotriene e4 eia kit

Component Breakdown Within Each Test Kit:

One each leukotriene e4; leukotriene e5; n-acetyl leukotriene e4; leukotriene c4; leukotriene d4; leukotriene c5; leukotriene d5; arachidonic acid; leukotriene b4; leukotriene b5; tetranor pgem; tetranor pgfm

Special Features:

Storage temperature -80 degrees c for up to 6 months

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510v0
