**Usage Design:**

Competitive immunoassays that measure total cytokine

**Product Name:**

Human bfgf

**Component Breakdown Within Each Test Kit:**

One each recombinant human bfgf standard; rabbit anti-human bfgf polyclonal antibody; blotin conjugated bfgf; 96-well pre-coated immunoplate; diluent no. 1; diluent no. 2; wash buffer; streptavidin conjugated alkaline phosphatase; color reagent a; color reagent b; stop solution; acetate plate sealers

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A510v0
