Usage Design:

Rapidly quantitate both single and double stranded dna

Test Capability Quantity:

480

Product Name:

Quantiblot human dna quantitativekit

Component Breakdown Within Each Test Kit:

Dna standards; calibration solutions; colorimetric protocol; chemiluminescent protocol

Special Features:

Quantitative results obtained in less than 2 hours

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510v0
