**End Application:**

Ruggedized advanced pathogen identification device, r.A.P.I.D.

**Usage Design:**

Extract dna from any environmental source

**Test Capability Quantity:**

50

**Product Name:**

Rapid dna purification kit

**Component Breakdown Within Each Test Kit:**

1 20ml buffer; 2 30ml buffer; 3 25ml buffer; 50 bead tubes with lysis buffer; 50 sping filters; 200 receiver tubes; 50 swabs

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A510v0
