**End Application:**

Ruggedized advanced pathogen identification device (rapid)

**Usage Design:**

Detection and identification of pathogens and bio-threat agents

**Product Name:**

Pathogen test kit

**Component Breakdown Within Each Test Kit:**

4 positive, 4 negative, 8 unknown reactions; 2 carousels of 32 reactions ea.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A510v0
