Storage Temperature Range:

+2.0/+8.0 degrees celsius

End Application:

Coulter act 10 or diff 2 hematology analyzer

Approximate Shelf Life:

30.0 days

Product Name:

Linearity control for act 10 or diff 2 hematology analyzer 5x3.3ml ea

Special Features:

Item requires refrigeration

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
