Usage Design:

A rapid test for the diagnosis of syphilis to detect antibodies to treponema pallidum qualitatively in serum or plasma

Protective Storage Feature:

Subject to damage by freezing

Test Media:

Plasma or serum

Special Features:

Store at room temperature or refrigerate at 2-30 degrees c; materials provided test devices, disposable specimen droppers, package insert; materials required but not provided specimen collection container, centrifuge, for plasma only, timer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
