End Application:	
GASA-NA-LYZ-ER,N	

**Product Name:** 

Chip petroleum hydrocarbons 100-3000 ppm reagent f/gas analyzer

**Special Features:** 

Chip contains ten measurement capillaries filled with a substance-specific reagent detection system; measuring range is 100-3000ppm; the test capability is 10 tests; for cms analyzer

Shelf Life:

N/a

**Unit Of Measure:** 

--

**Demilitarization:** 

No
