**Usage Design:**

Monolithic separation of proteins and peptides

**Product Name:**

Monolithic column

**Special Features:**

Uses polymeric rod for mass transfer and separation

**Functional Description:**

Fused silica column/microcolumn

**Supplementary Features:**

200 microns (um) id x 0.5 cm lg (ps-dvb)

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23800
