•
Protective Storage Feature:
Requires refrigeration storage between 2 to 8 degrees celsius
Usage Design:
Testing bacterial pathogens
Test Capability Quantity:
1
Product Name:
Sensi-disc susceptibility test disc linezoid 85, Izd-30, 30 mcg (10/sp)
Special Features:
Self life 365 days
Material:
Paper
Supplementary Features:
Packaging data 10/sp-, no natural rubber or latex; 6mm discs in cartridge containing 50 discs each
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A40000
