End Application:

6630-01-536-1456 luminometer

Usage Design:

To verify completeness of pasteurization process

Test Capability Quantity:

100

Protective Storage Feature:

Requires refrigeration between 2 degrees to 8 degrees c

Product Name:

Fap fast alkaline phosphatase test kit 100s

Component Breakdown Within Each Test Kit:

1 pac of 20 alkaline standard tabs; 1 microtube holder, 2 ml

Special Features:

PROV-ID-ESV-ERIF

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510v0
