End Application:

Genexpert iv diagnostic computer system

Usage Design:

Intrapartum or anepartum gbs status

Total Primary Container Quantity:

10

Component Breakdown Within Each Test Kit:

Molecular in vitro diagnostic test group b streptococcus 10 kits

Special Features:

On-demand gbs testing; 30plus minutes for positive results vs 2 days; gbs assay; 91.9 percent sensitivi type 95.6 percent specificity for intrapartum testing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
