Usage Design:

Cloning of both prokaryotic and eukaryotic genomic dna

Protective Storage Feature:

Frozen for preservation

Component Breakdown Within Each Test Kit:

Dh10b cells 5 x 100 ul; puc19 dna (10pg/ul) 50 ul; s.O.C. Medium 2 x 6 ml

Special Features:

Store at - 80 c; do not store in liquid nitrogen

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510v0
