Usage Design:

Dna modifying enzymes and cloning

Test Capability Quantity:

150

Product Name:

Quick ligation kit

Component Breakdown Within Each Test Kit:

Quick t4 dna ligase 1; qucik ligation reaction buffer (2k) 1

Special Features:

Glycerol 50%; peg 15%; tris-hci 1%; potassium chloride 1%; edta 1%; dithiothreitol 1%; bsa 1%; magnesium chloride 1%; atp 1%

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510v0
