Storage Temperature Range:

+2.0/+8.0 degrees celsius

Product Name:

Lipopolysaccharides from escherichia coli 0111: b4 purified by phenol extraction

Special Features:

Lipopolysaccharides from e. Coli 0111: b4; for laboratory use only; form: lyophilized powder; purified by phenol extraction; storage/stability: solutions at 1 mg/ml in buffer or culture medium are stable for approx. One month at 2 to 8 degrees c; frozen aliquots can be stored up to 2 years

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
