

# NSN 6550-01-586-0518

Mouse Monoclonal Antibody - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/6550-01-586-0518>

**Special Features:**

Glycopharin a ab-4; jc159 clone designation; 0.1 ml at 200 ug/ml concentration; purified ab with bsa and azide; 39kda molecular weight; extracellular domain epitope; human species reactivity; immunogen: membrane preparation from splenic hair cell leukemia; positive control: human erythrocytes in placenta; cell membrane localizaiton

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
