NSN 6550-01-586-0518

Mouse Monoclonal Antibody - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6550-01-586-0518

Special Features:

No

Glycopharin a ab-4; jc159 clone designation; 0.1 ml at 200 ug/ml concentration; purified ab with bsa and azide; 39kda molecular weight;

, ,	, ,	9 ,	9	, I	•	J ,
extracellular doma	ain epitope; human	species reactivity; i	mmunogen: mem	brane preparation from splenic	c hair cell leukemia; po	ositive
control: human erythrocytes in placenta; cell membrane localizaiton						
Shelf Life:						
N/a						
Unit Of Measure:						
Demilitarization:
