## **End Application:**

Medical and laboratory testing products

## **Product Name:**

ll-1b rat elisa kit

## Special Features:

Kit quantifies natural and recombinant rat il-1b in serum, buffered solution, or cell culture medium; il-1b is important in immune response;

concentration-31.2-2000pg/ml; product size-96 tests

## Supplementary Features:

Detection method-colorimetric; incubation time-5hrs; platform-microplate reader; readout enzyme-hrp; research category-immunology;

sample type (specific)-serum and supernatants; sample volume-50ul; species-rat

Shelf Life:

N/a
