**Overall Length:**

10.380 inches

**Overall Height:**

2.850 inches

**Overall Width:**

5.250 inches

**Component Type And Quantity:**

1 printed wiring board and 8 spring and 4 stud

**Special Features:**

Mounting method: turnlock fastener; component quantity: 15; mounting configuration: four turnlock fastners on 4.500 in.By 4.875 in.Mtg centers; fsc application data: control indicators, radar, nonairborne, except fire control and guided missile

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A511I0
