Overall Length:

4.041 inches

Overall Diameter:

0.632 inches

Mounting Configuration:

Spring clips on side of carriage to accommodate pin of flange

Flange Removability:

Removable

Material:

Aluminum alloy

Material:

Aluminum alloy

Surface Treatment:

Any acceptable

Fsc Application Data:

Indicator, wind direction fmly type 2, roller drive

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T206-b
