Product Name:

Computer, air navigation

Special Features:

Plastic; o/a 4.5 in. Diameter 0.25 in. Thk; furnished w/case; 1 sc ea compass 0 to 359 degrees range 1 degrees sm increment grad white, rel wind 4 quadrants 0 to 90 degrees range 1 degrees sm increment grad colorless, miles log range 0.1 sm increment grad colorless, min log range 0.1 sm increment grad white, hr 1 to 10 hr range 5 min sm increment grad white, density alt 10 to 80 m ft range 1000 ft sm increment grad colorless, wind 1 to 90 degrees range 0.5 degrees sm increment grad white, air temp m80 to p50 degrees c range 5 degrees sm increment grad colorless, pressure alt 0 to 80 t ft range 1000 ft sm increment grad colorless, drift correction 2 to 18 degrees range 0.5 degrees sm increment grad colorless, lat 20 to 80 degrees range 1 degrees sm increment grad white, mach no. 0.35 to 3 range 0.1 sm increment grad white, fuel q type 700 to 6000 lbs range 10 lbs sm increment grad white, air speed 170 to 1500 knots range, 2 knots sm increment grad yellow, min 10 to 95 min range 0.1 min sm increment grad white, hr 1.1 to 5 hrs range 0.1 sm i

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A30800
