End Application:

F-16 acft

Criticality Code Justification:

Feat

Special Features:

Electrostatic discharge sensitive

General Description:

C/o servo cover assembly 2, insulator 3, servo module 1, battery circuit card assembly 2, relay circuit card assembly 1, connector 1, electrical connector assembly 1, resistor 1, transformer 1

Fsc Application Data:

Inertial navigational unit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
