**End Application:**

F-16 acft

**Criticality Code Justification:**

Feat

**Special Features:**

Electrostatic discharge sensitive

**General Description:**

C/o servo cover assembly 2, insulator 3, servo module 1, battery circuit card assembly 2, relay circuit card assembly 1, connector 1, electrical connector assembly 1, resistor 1, transformer 1

**Fsc Application Data:**

Inertial navigational unit

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
