End Application:
F-16 acft
Criticality Code Justification:
Feat
Special Features:
Elecrostatic discharge sensitive
General Description:
C/o servo cover assembly 2, insulator 3, servo module 1, battery circuit card assembly 2, relay circuit card assembly 1, connector 1,
electrical connector assembly 1, resistor 1, transformer 1
Fsc Application Data:
Inertial navigational unit
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
