End Application:

Group control center for an/sqq-32 mine hunting sonar system

Criticality Code Justification:

Agav

Component Type And Quantity:

2 barrier and 1 connector and 3 lamp and 5 light and 3 panel and 11 plate and 6 switch

Product Name:

Control & indication panel assembly

Special Features:

All indicating lights are green; includes 3 polycarbonate covers (panels) & 1 steel door; all nameplates are brass, gray, black letters; distribution statement d; critical military technology: export controlled

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
