Overall Length:

16.350 inches

Overall Height:

7.140 inches

Overall Width:

7.500 inches

Current Type:

Dc

End Application:

C-17a acft

Product Name:

Global positioning system inertial reference unit

Voltage In Volts:

28.0

Special Features:

Unit weight 27.0 lbs.; operating tmp. -65.2 to +159.8 deg. F; storage temp. -79.6 to +203 deg. F; -018 country code canada

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T261-a
