Overall Length:

3.750 inches

Overall Height:

3.000 inches

Overall Width:

3.000 inches

Mounting Point Quantity:

4

Special Features:

Ahrs pitch, roll, and heading output at 100hz, gps x, y, z position and velocity outputs, built-in gps receiver with rcm and waas compatibility, high stability mems sensors, enhanced performance kalman filter algorithm, emi and vibration resistant, environmentally sealed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T261-a
