**Overall Length:**

2.750 inches

**Overall Height:**

2.750 inches

**Overall Width:**

2.750 inches

**Current Rating:**

30.0 milliamperes

**Voltage In Volts And Current Type:**

12.0 dc

**Special Features:**

2 axis; full range output; 100 ohms output impedance; single ended input power; internal temperature sensor

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A23900
