**General Description:**

Consists of solenoid, electrical and power off warning flag, solenoid 0.520 in. Nom dia, 0.810 in. Nom lg, two 12.000 in. Wire leads, 34.0 min 36.0 maximum v dc low excitation voltage, 44.0 min 46.0 maximum v dc high excitation voltage, drop out voltage 4.0 v dc min, counterbalanced warning flag 1.655 in. Nom lg, flag travel 25.0 degrees nom, black flag stem and letters

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
