Attachment Device Type:

Dowel pin

Current Type:

Ac

Switch:

Not included

Contact Quantity:

23

Contact Type:

Pin

Transducer Type:

Combination

Cable Length:

12.500 inches

Electrical Connection Quantity:

1

Electrical Connection Controlling Agency:

Mil

Electrical Connection Identifying Number:

Part no. M83723&14f1623n

Electrical Heating Element:

Provided

Heating Element Current Type:

Ac

Heating Element Voltage In Volts:

115.0

Heating Element Wattage In Watts:

50.0 and 115.0

Sensing Element Type:

Probe

Combination Type And Quantity:

2 potentiometer and 2 synchro

Case Differential Pressure:

15.0 pounds per square inch

Voltage In Volts:

115.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T261-a
