Special Features:

Meter mvt indicator; 3 presentations: rudder mvt, rudder meter deflects to right for pos polarity; aileron mvt, aileron meter deflects ccw for pos polarity; elevator mvt, elevator meter deflects down for pos polarity; 30-0-30 v range, 30v input signal amplitude reqd for maximum deflection; dial has white letters w/black background; o/a dim. 1.326 in. Deep, 3.78 in. Wd, 1.78 in. Hg; panel mtd

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:
