Attachment Device Type:

Screw

Attachment Device Quantity:

4

Electrical Connection Quantity:

2

Mounting Method:

Hole

Mounting Position:

Tubular vertical

Electrical Heating Element:

Provided

Heating Element Current Type:

Dc

Heating Element Voltage In Volts:

24.0

Heating Element Wattage In Watts:

115.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T261-a
