Overall Length:

11.845 inches

Overall Height:

7.750 inches

Overall Width:

3.250 inches

Attachment Device Type:

Hole

Attachment Device Quantity:

6

Contact Quantity:

4

Contact Type:

Pin

Electrical Connection Quantity:

1

Mounting Method:

Flange

Mounting Position:

Vertical

Electrical Heating Element:

Provided

Heating Element Current Type:

Ac

Heating Element Phase:

Single

Heating Element Frequency In Hertz:

400.0

Heating Element Current Rating In Amps:

7.2

Err Default:

Err default

Heating Element Voltage In Volts:

115.0

Heating Element Wattage In Watts:

825.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T261-a
