Overall Length:

3.465 inches

Overall Diameter:

1.700 inches

Dial Window:

Included

Dial Frame:

Included

Material:

Aluminum alloy, qq-a-200/8, 6061, t6

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-200/8, 6061, t6 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2 military specification single treatment response

Surface Treatment:

Anodized, mil-a-8625, type 2

Fsc Application Data:

Indicator, horizontal situation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T174-a

Mil-std (military Standard):

Mil-a-8625 spec.
