Attachment Device Type:

Hole

Attachment Device Quantity:

1

End Application:

Nsn1270-01-072-4220, air data subsystem

Mounting Position:

Tubular vertical

Electrical Heating Element:

Not provided

Special Features:

Spec mil-f-13926 applies; final finish 5.4.1 of mil-std-171; lg from middle of shaft to end of tube 1.264 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T261-a
