End Application:

An/ale-20

Special Features:

Manufacturers name: pod mounted flight recorder; includes severe environment tape system recorder cartridge; time code generator, and battery pack; two pwa that interface between the pod, tcg and recorder

Functional Description:

Monitors status of critical pod parameters and operational status of pod as a function of time during flight test is required. Means of recording critical voltages from pod power supplies, fault indicators, ago values, receiver detection buffer valves, control box mode technicians activated, a3a2a5 temperature and various other elements are required

Reference Data And Literature:

Serd: 081; rcn: 4081-114-2060

Fsc Application Data:

An/alq-184v pod, electronic countermeasures

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fiig:

T207-a
