

View Online at <https://aerobasegroup.com/nsn/6610-01-331-4006>

**End Application:**

Autocollimator assembly

**Special Features:**

Measurement range minus 3 degrees to pos 3 deg; input voltage: porm 12vdc to porm 18vdc; output impedance: 5k; oper temp range: m18 degrees c to p71 degrees c; survival temp range: m40 degrees c to p75 degrees c; constant acceleration overload: 50g; shock survival: 1500g; vibration endurance-random: 35g rms, 20 hz to 2000hz

**Supplementary Features:**

This inclinometer does not have areadout or display-it is just the sensor

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T261-a
