Overall Length:

10.000 inches

End Application:

P4PO-DS-;NH-A692

Mounting Position:

Tubular horizontal

Electrical Heating Element:

Provided

Special Features:

Used with p/n 1281bb1 to make the air data sensor unit

Supplementary Features:

Ports: angle of attack 2; angle of sideslip 2; impact pressure 1, static pressure 1

Reference Number Differentiating Characteristics:

Source control drawing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T261-a
