**Overall Length:**

2.430 inches

**Overall Height:**

2.500 inches

**Overall Width:**

1.990 inches

**End Application:**

Kc135 and 852 aircraft

**Mounting Configuration:**

Four .206 in diameter mtg holes in nonsymmetrical pattern

**Gravity Unit Range:**

-3.0/+9.0

**Special Features:**

Excitation +28v dc, output +-5.0vdresolution .02% fs, accuracy 1.0% of fs, operating temp range -65 to +160 degf, storage temp range -80 to +205 f, pressure altitudde -1200/+80, 000 ft acceleration

**Specification Data:**

Il-t-83174c manufacturers standard and ru-106/a-1 government standard

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T145-c
