Product Name:

Calibration probe

Special Features:

Custom I-shaped pitch/yaw probe; pressure transducers-custom pressure sensor module w/3 high accuracy sensors (0.1%) plus cables and connectors, pneumatic connections and tubing; interface-data acquisition board das-1000 (12 bit, 16 channel se, 250khz); calibration software-daw windows data acquisition and reduction software for 3-hole pitch/yaw probes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T261-a
