End Application:

Cn-235 transport aircraft

Power Source:

Self-contained

Output Intelligence Type:

Air data

Special Features:

Cmean time between failure (mtbf) in service is designed to be 10, 000 operational hours or greater, rs232/422 data output standard, arinc 429/575 digital airspeed and altitude rate outputs available

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A30800
