**End Application:**

Cn-235 transport aircraft

**Power Source:**

Self-contained

**Output Intelligence Type:**

Air data

**Special Features:**

Cmean time between failure (mtbf) in service is designed to be 10, 000 operational hours or greater, rs232/422 data output standard, arinc 429/575 digital airspeed and altitude rate outputs available

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A30800
