Storage Temperature Range:

-40.0/+85.0 degrees celsius

Unpackaged Unit Length:

3.700 millimeters

Unpackaged Unit Width:

1.700 millimeters

Unpackaged Unit Height:

6.900 millimeters

Product Name:

Aircraft data acquisition system

Special Features:

1.6 pounds processor weight; minus1.5 amps, 11 to 32 volts dc; 10 pin data port; minus 40 to plus 70 degrees centigrade operating temperature; 50, 000 feet operating ceiling

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A30800
