Overall Length:

5.000 inches

Overall Height:

3.250 inches

Overall Width:

3.250 inches

End Application:

Cessna aircraft

Component Type And Quantity:

1 indicator

Product Name:

Autopilot turn coordinator

Special Features:

11-32 vdc; ac rotor; 0.28 amps; black inclinometer background; standard 2 minute turn

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A5110
