Power Source:

Self-contained

Input Intelligence Type:

Flight command information

Output Intelligence Type:

Flight command information

Functional Description:

Provides test capability new functionalities of flight2 upgrade program by interfacing legacy bench

Purchase Description Identification:

0efd0-224-0627-002

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A30800
