Elevator Tr Adapter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6615-00-798-6859

Overall Length:
11.250 inches
Overall Height:
4.250 inches
Overall Width:
3.000 inches
End Application:
C-130 aircraft
Product Name:
Adapter - elevator trim tap, e-4 auto pilot
Special Features:
Input voltages: 115 +/- 5vac, 400hz, 28 +/- 2vdc
Functional Description:
Solid-state device which provides signal voltages to the elevator automatic trim system to control the movement of the elevator trim tab
whichremoves the reflected aerodynamic load from the autopilot elevator servo motor
Reference Data And Literature:
T.O. 5a2-4-4 and mfg dwg
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
